Title: Watch Including a Contactless Control Device for a Computer Cursor

AMENDMENT A

In response to the Office Action (mailed 11-4-02) please note the following response:

In the Claims

Please amend the following claim:

RECEIVED
FEB 11 2003
Technology Center 2600

1.(Amend) A watch including display means for at one item of time related data and having an at least partially transparent outer element covering said display means or forming an outer portion of [these] the display means, said watch including first control means for controlling the movement of a cursor on a computer screen, said first control means being formed of a plurality of touch sensitive sensors whose respective sensitive pads are supported at least partially by said outer element.

2. (Amend) [A] The watch according to claim 1, wherein said ~~first~~ display means include an analogue display protected by said outer element which defines the watch crystal, said sensitive pads being at least partially superposed with said analogue display.

3.(Amend) [A] The watch according to claim 1 or 2, wherein the set of said sensitive pads of said touch sensitive sensors forming said first means is supported by said outer element.
